- Javascript + Typescript
- Node.js
- Express.js + Nest.js
- MongoDB + SQL
- React.js + Next.js
- Laravel
- Git + GitHub
- Python

Language

- Hindi
- English
- Gujarati

Education

Backend Developer Course — May 2022 – Jun 2023
Creative Multimedia Institute, Surat

Higher Secondary Education — Jun 2020 – Mar 2022
Kalapi Vinay Mandir, Lathi

Experience

Node.js Developer
Heritage Infotech — Jan 2023 - Feb 2024
- Developed REST APIs and backend features using Node.js, Express.js, and databases
- Assisted in backend optimization, authentication, and API integrations

Node.js Developer
KMSOFT — Feb 2024 - Aug 2024
- Built and maintained backend services using Node.js and Express.js
- Implemented authentication, validation, and role-based access control
- Integrated third-party APIs and managed MongoDB/MySQL databases
- Participated in code reviews and backend architecture discussions

Software Developer
Finzen Payment Technology — Aug 2024 - Present
- Optimized payment workflows using Laravel, Livewire, AJAX, and MySQL
- Built Payment Support Panel (Laravel):
  - Merchant & PG dashboards Overview
  - Transaction charts & reports
  - Unsettled Amount Reports
- Integrated BBPS bill payment APIs handling live transactions
- Developed an AI-powered Node.js chat application with:
  - Real-time Socket.IO messaging
  - Role-based access with multi-tier subscriptions
  - Dual AI integration (OpenAI + Venice AI) with streaming
  - Usage-based token tracking and quota management
  - MongoDB + Firebase backend architecture with push notifications and Google authentication
